

PTC Creo 2.0 Hardware Support – Hewlett Packard

Last updated: June 4, 2018

The [Desktop Virtualization Environment Support – HP](#) table displays at the end of this document, after the standard Creo certification table.

All drivers listed in this document are available from your workstation manufacturer. Do not attempt to search AMD(ATI) or NVIDIA websites as those hardware vendors often will only have current (latest) drivers available which in most cases HAVE NOT BEEN TESTED by PTC.

Graphics drivers certified for HP Z workstations and Elite Book mobile workstations are available for download from HP Performance Advisor. For more information about HP Performance Advisor go to <http://www.hp.com/go/hpperformanceadvisor>.

If multiple certified or supported drivers are listed for a particular hardware configuration, PTC recommends using the latest configuration posted.

PTC recommends customers planning on upgrading to Creo 3.0 should consider moving to 64 Bit hardware as 32-bit platforms will not allow you to experience the best Creo performance and may not be supported on future versions of Creo.

Machine	O/S	Graphics Hardware	Driver Version	Date Certified or Supported	Minimum Supported Datecode	Status
Z1	Windows 7 32 and 64 Bit	NVIDIA Quadro 1000M	276.28	24-May-2012	F000	Certified

NOTES

* PTC Creo does not directly utilize the Tesla K20 but it has been included as part of Creo certification of HP Z820 + Quadro 'Kepler' generation cards such as the K2000, K4000, and K5000. For more information on NVIDIA Maximus <http://www.nvidia.com/object/maximus.html>

The latest graphics driver from AMD (15.201.2601.1003) has been found to resolve several random Creo exits. You should install this driver version if you are experiencing this exit condition.

Desktop Virtualization Environment Support - HP

Server Hardware	Hypervisor	VDI Server Software Stack	VM Client	Virtualization Mode and Host Driver	Graphics Card and Driver Version	Date Certified or Supported	Minimum Supported Datecode	Status
DL380z	Citrix XenServer 6.2 SP1	Citrix XenDesktop 7.5	Windows 7 64 Bit	GPU Pass Through	NVIDIA Grid K2 332.76	07-Jul-2014	M110	Certified

Client Configuration

PTC has tested the above virtualized desktop environments with a variety of desktops and laptops. Please consult your virtualization technology provider on the recommendations for the client hardware.

New certifications are currently in progress.

Please check back later for further updates.
