Locate and View Information with FlexPLM 9.2

Overview

Course Code WBT-3200-0
Course Length 2 Hours

In this course, you will learn basic skills required to access and view information, such as: logging on, accessing help, and locating and viewing product information.

You will complete Pro/FICIENCY skills assessment questions for each module. These questions are used to help reinforce your understanding of the course topics and form the basis for daily review sessions.

After completing the course, you will be prepared to complete basic FlexPLM tasks.

Course Objectives

- Describe FlexPLM principle object types that are specific to footwear and apparel.
- Access and navigate the FlexPLM workspaces.
- Use the Side bar features.
- Understand the Primary Workspace.

Prerequisites

- Basic browser and Web navigation skills.
- Basic understanding of Product Lifecycle Management processes and deliverables as they relate to Seasonal Product Development.

Audience

This course is intended for:
- Production Staff.
- System Support Staff.
