Managing Seasons with FlexPLM 9.2

Overview

Course Code: WBT-3204-0
Course Length: 1 Hour

In this course, you will learn how to manage season details and associations. You will learn how to work in Season Concept pages, such as Details, Inspirations, Palettes, and Silhouettes. You will also learn how to browse Season Development pages, such as Line Sheets, Line Boards, Calendars, and Dashboards.

You will complete Pro/FICIENCY skills assessment questions for each module. These questions are used to help reinforce your understanding of the course topics and form the basis for daily review sessions.

After completing the course, you will be prepared to manage Seasons with FlexPLM.
