Working with the Vendor Portal in FlexPLM 9.2

Overview

Course Code  WBT-3210-0
Course Length  1 Hour

In this course, you will learn how to manage objects in the Vendor Portal. You will learn how vendors access objects through users and groups. You will also learn which objects are accessible to vendors in the Vendor Portal and how vendors find Products, Samples, Documents, Materials, Order Confirmations and RFQs (Request for Quotes).

You will complete Pro/FICIENCY skills assessment questions for each module. These questions are used to help reinforce your understanding of the course topics and form the basis for daily review sessions.

After completing the course, you will be prepared to work with the Vendor Portal in FlexPLM.
