In this course, you will learn the basic skills necessary to perform typical document management tasks using Windchill PDMLink 10.2. You will learn document management skills such as creating and modifying documents. This course constitutes a review of the Standard Document Management functionality. In addition, the content is built to support topic-based course configurations. You will complete Pro/FCIENCY skills assessment questions for each topic. These questions are used to help reinforce your understanding of the course topics.

Course Objectives

• Identify the capabilities of a standard document
• Set document preferences
• Create documents
• Create documents from templates
• Modify documents
• Revise documents
• Create document relationships
Prerequisites

• Locate and View Information with Windchill PDMLink 10.2
