In this course, you will learn the Concept Development process. You will start by reviewing a Season's line sheet and line plan, and learn how to create objects required for concept development, including image pages, reference documents, inspiration pages, and silhouette pages. Finally, you create and manage palettes and sub palettes to define the colors and materials used in a season.

Course Objectives

- Describe the high-level Concept Development activities
- Describe the roles involved in the Concept Development process
- Review a previous Season’s Line Sheet
- Review a previous Season’s Line Plan
- Create a Document in a Library
- Create an Image Page
- Update Document/Image from Adobe Illustrator
- Navigate Seasonal Concept details
- Add Reference Documents to Season
- Create Inspiration Boards
- Create Silhouette Boards
