Mathcad Prime 4.0 - Plotting

Overview

Course Code: WBT-5140-C
Course Length: 2 Hours

In this course, you will learn the essentials of 2-D and 3-D plotting using Mathcad Prime. You will understand how it reinforces Mathcad Prime’s plotting functionality using clear, straightforward instruction and examples. You will complete PTC University Proficiency skills assessment questions for each topic. These questions are used to help reinforce your understanding of the course topics. This course has been developed using Mathcad Prime 4.0 F000.

Course Objectives

- Plot 2-D and 3-D graphs
- Format 2-D and 3-D graphs
Prerequisites

- Mathcad Prime 4.0 – Application Orientation

Audience

- This course is intended for the novice or intermediate Mathcad user.
