In this course, you will learn how to use Mathcad Prime and Creo Parametric in conjunction with one another. This course is designed for users who are already familiar with both Mathcad Prime and Creo Parametric. You will complete Pro/FICIENCY skills assessment questions for each topic. These questions are used to help reinforce your understanding of the course topics.

Course Objectives

- Understand license and software requirements
- Designate variables in Mathcad Prime to receive information from Creo Parametric
- Designate variables in Mathcad Prime to return information to Creo Parametric
- Insert a Mathcad Prime worksheet in Creo Parametric

Prerequisites

- Mathcad Prime 4.0 Essentials or equivalent experience
- Introduction to Creo Parametric 4.0 or equivalent experience

Audience

- This course is intended for design engineers and mechanical designers. People in related roles will also benefit from taking this course.
